The publication includes this summary report showing key findings, excel tables with more detailed data on drug related hospital admissions, technical appendices

National Debt – Just Facts
However, the federal government cannot appropriate the entire U.S. economy to pay its debts. This is because private citizens—who produce the goods and services that comprise the bulk of the economy—use most of these resources to live. Also, state and local governments consume some of the nation’s GDP. Hence, this research sometimes expresses federal debt as a portion of annual federal

Baudet should be ashamed of Covid, Holocaust comparisons
Nov 15, 2021 · By comparing the coronavirus access policy with the situation of Jewish people in the thirties and forties of the last century, Thierry Baudet has ensured that no one can take him seriously anymore. That said Aron Vrieler of the Center for Information and Documentation on Israel (CIDI) in response to a tweet by Baudet. "The [unvaccinated] are the new Jews, the looking-away excluders ..."
