Church of Scotland mission in the Eastern Cape, South Africa, for their safety. Because Scottish missionaries in Yemen interviewed each of the Oromo children shortly after their liberation, we have sixty-four structured life histories told by the children themselves. In the historiography of slavery and the slave trade, first passage narratives are rare, groups of such narratives even more so. In this analytical group biography (or prosopography), Shell renders the experiences of the captives in detail and context that are all the more affecting for their dispassionate presentation. Comparing the children by gender, age, place of origin, method of capture, identity, and other characteristics, Shell enables new insights unlike anything in the existing literature for this region and period. Children of Hope is supplemented by graphs, maps, and illustrations that carefully detail the demographic and geographic layers of the children’s origins and lives after capture. In this way, Shell honors the individual stories of each child while also placing them into invaluable and multifaceted contexts.

A Hope in the Unseen - Ron Suskind - 2010-08-18

The inspiring, true coming-of-age story of a ferociously determined young man who, armed only with his intellect and his willpower, fights his way out of despair. In 1993, Cedric Jennings was a bright and ferociously determined honor student at Ballou, a high school in one of Washington D.C.’s most dangerous neighborhoods, where the dropout rate was well into double digits and just 80 students out of more than 1,350 boasted an average of B or better. At Ballou, Cedric had almost no friends. He ate lunch in a classroom most days, plowing through the extra work he asked for, knowing that he was really competing with kids from other, harder schools. Cedric Jennings’s driving ambition—which was fully supported by his forceful mother—was to attend a top college. In September 1995, after years of near superhuman dedication, he realized that ambition when he began as a freshman at Brown University. But he didn't leave his struggles behind. He found himself unprepared for college: he struggled to master classwork and fit in with the white upper-class students. Having traveled too far to turn back, Cedric was left to rely on his intelligence and his determination to maintain hope in the unseen—a future of acceptance and reward. In this updated edition, A Hope in the Unseen chronicles Cedric’s odyssey during his last two years of high school, follows him through his difficult first year at Brown, and tells the story of his subsequent successes in college and the world of work. Eye-opening, sometimes humorous, and often deeply moving, A Hope in the Unseen weaves a crucial new thread into the rich and ongoing narrative of the American experience.

When a young peasant girl is injured while hunting, she meets a strange, magical man who is a member of a despised race - Mujar. Truemen scorn the shape-shifting unmen for their odd, humble ways, and envy their power over the elements. Mujar do not use their powers for good or evil, they simply exist, immortal and apparently purposeless. Now a scourge is sweeping the land, armies of mounted warriors who cannot be defeated are wiping out Truemankind without mercy. They are known as the Black Riders, but no one knows where they come from or why they seem bent on exterminating every man, woman and child. Talsy traps the Mujar with gold, which has an odd effect on them, to make him help her, but her father intends to throw him in a Pit, from which he will be unable to escape. Talsy does not believe the Mujar deserves such a fate, so she frees him and begs him to take her with him on his journey. He agrees, and they set off across Shamarese, continuing his quest to find an old hermit's lost son. There is far more at stake than Talsy realises, however, and she has innocently stumbled upon the last free Mujar, who has the power to decide the fate of her race.

**The Sacred Wound** - Lois Gold - 2000-11-01
This is an account of one of life's most painful experiences--the sudden death of a child. A mother's anguish compels her to examine beliefs about what comes after death and to explore ancient healing methods in Mexico, Brazil, and Bali. At its core a spiritual odyssey, The Sacred Wound is about creating meaning from life-shattering events--events which can utterly destroy us or serve as a call to extraordinary courage and growth. A life-shattering event is a modern day "sacred wound," a wounding so profound that it pierces the soul and penetrates the veils of who we are and what we think life is about. Like a mythological hero, we will emerge from the ordeal another person. As the author says, "For three years grief was my consort, it became my teacher." This inspiring and searingly honest book is about more than survival following the death of a loved one; it is about the gift in tragedy's other hand. It is about discovering the truth that love is the central experience of life and not simply mortality, and that this truth can emerge in ways we can never predict or expect.

**The Connected Child: Bring Hope and Healing to Your Adoptive Family** - Wendy Sunshine - 2007-03-15
"An extremely useful parenting handbook truly outstanding strongly recommended." --Library Journal (starred review) "A tremendous resource for parents and professionals alike." --Thomas Atwood, president and CEO, National Council for Adoption The adoption of a child is always a joyous moment in the life of a family. Some adoptions, though, present unique challenges. Welcoming these children into your family--and addressing their special needs--requires care, consideration, and compassion. Written by two research psychologists specializing in adoption and attachment, The Connected Child will help you: Build bonds of affection and trust with your adopted child Effectively deal with any learning or behavioral disorders Discipline your child with love without making him or her feel threatened "A must-read not only for adoptive parents, but for all families striving to correct and connect with their children." --Carol S. Kranowitz, author of The Out-of-Sync Child "Drs. Purvis and Cross have thrown a life preserver not only to those just entering uncharted waters, but also to those struggling to stay afloat." --Kathleen E. Morris, editor of S. I. Focus magazine "Truly an exceptional, innovative work . . . compassionate, accessible, and founded on a breadth of scientific knowledge and clinical expertise." --Susan Livingston Smith, program director, Evan B. Donaldson Adoption Institute "The Connected Child is the literary equivalent of an airline oxygen mask and instructions: place the mask over your own face first, then over the nose of your child. This book first assists the parent, saying, in effect, 'Calm down, you're not the first mom or dad in the world to face this hurdle, breathe deeply, then follow these simple steps.' The sense of not facing these issues alone--the relief that your child's behavior is not off the charts--is hugely comforting. Other children have thusly; welcome to the community of therapeutic and joyful adoptive families." --Melissa Fay Greene, author of There is No Me Without You: One Woman's Odyssey to Rescue Africa's Children
