and stark unhappiness. In response to this crisis, Almari offers twelve questions for us to grapple with—twelve timeless, fundamental queries that challenge our modern certainties. Among them: Is God reasonable? What is freedom for? What do we owe our parents, our bodies, one another? Exploring each question through the life and ideas of great thinkers, from Saint Augustine to Howard Thurman and from Abraham Joshua Heschel to Andrea Dworkin, Almari invites us to examine the hidden assumptions that drive our behavior and, in so doing, to live more humanely in a world that has lost its way.

The Unbroken Thread - Sobha Almari - 2021-05-11

We’ve pursued and achieved the modern dream of defining ourselves—but at what cost? The New York Post op-ed editor makes a compelling case for seeking the inherited traditions and ideals that give our lives meaning. “Almari’s tour de force makes tradition astonishingly vivid and relevant for the here and now.”—Joel Drehver, bestselling author of Live Not by Laws and The Benedict Option

As a young father and a self-proclaimed “radically assimilated immigrant,” opinion editor Sohrah Ahmari realized that when it comes to shaping his young son’s moral fiber, today’s America comes up short. For millennia, the world’s great ethical and religious traditions taught that true happiness lies in pursuing virtue and accepting limits. But now, unbound from these stubborn traditions, we are free to choose whichever way of life we think is most optimal—or, more often than not, merely the easiest. All that remains are the flimsy desires that a wealthy, technologically advanced society is equipped to fulfill. The result is a society riven by deep conflict and individual lives that, for all their apparent freedom, are marked by alienation and stark unhappiness. In response to this crisis, Almari offers twelve questions for us to grapple with—twelve timeless, fundamental queries that challenge our modern certainties. Among them: Is God reasonable? What is freedom for? What do we owe our parents, our bodies, one another? Exploring each question through the life and ideas of great thinkers, from Saint Augustine to Howard Thurman and from Abraham Joshua Heschel to Andrea Dworkin, Almari invites us to examine the hidden assumptions that drive our behavior and, in so doing, to live more humanely in a world that has lost its way.

The Dawn Watch - Maya Jasanoff - 2017-11-07

“Enlightening, compassionate, superb”—John Le Carré Winner of the 2018 Cundhill History Prize & New York Times Book Review Notable Book of 2017 One of the New York Times 100 Notable Books of 2017 A visionary exploration of the life and times of Joseph Conrad, his turbulent age of globalization and our own, from one of the most exciting young historians writing today Migration, terrorism, the tensions between global capitalism and nationalism, and a communications revolution: these forces shaped Joseph Conrad’s destiny at the dawn of the twentieth century. In this brilliant new interpretation of one of the great voices in modern literature, Maya Jasanoff reveals Conrad as a prophet of globalization. As an immigrant from Poland to England, and in travels from Malaya to Congo to the Caribbean, Conrad navigated an interconnected world, and captured it in a literary source of extraordinary depth. His life story delivers a history of globalization from the inside out, and reflects powerfully on the aspirations and challenges of the modern world. Joseph Conrad was born Józef Teodor Konrad Korzeniowski in 1857, to Polish parents in the Russian Empire. At sixteen he left the landlocked heart of Europe to become a sailor, and for the next twenty years travelled the world’s oceans before settling permanently in England as an author. He saw the surging, competitive “new imperialism” that planted a flag in almost every populated part of the globe. He got a close look, too, at the places “beyond the end of telegraph cables and mail-boat lines,” and the hypocrisy of the west’s most cherished ideals. Law and The Christian Tradition in Scandinavia - Kjell Å Mober - 2020-10-08

This book presents a comprehensive history of law and religion in the Nordic context. The entwinement of law and religion in Scandinavia encompasses an unusual history, not widely known yet important for its impact on contemporary political and international relations in the region. The volume provides a holistic picture from the first written legal sources of the twelfth century to the law of the present secular welfare states. It recounts this history through biographical case studies. Taking the point of view of major influential figures in church, politics, university, and law, it thus presents the principal actors who served as catalysts in ecclesiastical and secular law through the centuries. This refreshing approach to legal history contributes to a new trend in historiography, particularly articulated by a younger generation of experienced Nordic scholars whose work is featured prominently in this volume. The collection will be a valuable resource for academics and researchers working in the areas of Legal History and Law and Religion.
