Among the Echoes - Aly Martinez - 2014-07-29

My name was Dr. Erica Hill. I was a victim, then a witness, and then I ceased to exist altogether. I may still be breathing, but stripped of my identity, I have long since stopped living. I am invisible, and my life depends on my ability to stay in the shadows. But he sees me. Slate Andrews is the embodiment of everything I have been taught to avoid. He's rich and famous, and one image of him with a woman would earn millions for any paparazzi lucky enough to snap it. He has vowed to protect me with his life, yet he exposes me with his every breath. I should be stronger and walk away. I should disappear. But I'm terrified he would come after me. I'm on the run, determined not to take him down with me but absolutely unable to let him go. My name is Riley Peterson at least for today. *Among The Echoes is a stand alone novel which contains material that may be offensive to some readers. Including sexual abuse, graphic language, and adult situations. Intended for readers 18+.*

Broken Course - Aly Martinez - 2014-11-04

Seven years ago, my life changed forever. One accident and the person I saw in the mirror no longer resembled the woman I used to be. I was lost and confused inside my own body. I felt alone and disconnected from the world, carrying the incredible weight of guilt and loss that wasn't even mine to harbor. Then fate led me to Leo James. He taught me that crazy could be perfectly normal and it shouldn't hurt to breathe. Don't get me wrong. Leo isn't perfect. He has his own cross to bear, and the truth is, that might be why I fell for him in the first place. But despite everything he does for me, learning to forgive myself is infinitely harder than overlooking the flaws of another. Now, the secrets and lies of our past have begun to dictate our

Echoes in the Storm - Max Henry - 2017-09-12

One week is all we were supposed to share. One week as strangers. All the things you did differently irked me. I thought it meant we couldn't get along, that there was no chance we'd work out. But when it came time for me to leave, you know what I figured out? You were my echo. My call back. And damn it if I didn't find home in the end.

Fighting Solitude - Aly Martinez - 2016-01-21

I was born a fighter. Abandoned by my parents, I spent my life forging my own path-one guided by my fists and paved with pain. Untouchable in the ring, I destroyed everyone who faced me, but that's where my victories ended. Outside the ropes, I repeatedly failed the few people who loved me. Including my best friend, Liv James-the one person I'd die to protect. Even though I didn't deserve her, Liv never stopped believing in me. Never gave up. Never let go. After all, she understood what I'd lost, because she'd lost it too. Liv was everything to me, but she was never truly mine. That was going to change. I lost my first love, but I refused to lose my soulmate. Now, I'm on the ropes during the toughest battles of my life. Fighting to be the man she deserves. Fighting the solitude of our pasts. Fighting for her.

BUCKLEY, BATMAN & MYNDIE: Echoes of the Victorian culture-clash frontier - - 2021-01-01

Sounding 1: BEFORE 1840 The notes, journals and characters of Aboriginal Protectors William Thomas and his Chief George Robinson form the backbone of this compilation. With this ethnographic material we learn something of the Kulin worldview into this mostly white-fella history. Sounding 1: Before 1840 describes the initial British and European experiences, events, observations, intentions, self-serving judgements, ignorance, naivete, treachery and so on when they found Oz and proclaimed the continent theirs by the now obvious fiction of terra nullius - Latin legalese for 'land belonging to no people'. The reader may enjoy separating

/ sectarian Christian bible dogma that was the self-serving mindset of the white land-takers. Batman and Fawkner's land-hunting deals with local koori's along with the re-emergence of the remarkable wild white castaway Buckley made their mark on the first settlement at Melbourne. The focus widens in 1836 with Surveyor-General Major Mitchell's and his Wuradjuri guides 'conquering the interior' from the Murray near Mildura to the Western District at Portland and then back north-east across the state to the Murray upstream at Albury. His wheel tracks opened up Victoria from the north. First contact race interactions at Port Phillip and the notion of cultural-coexistence during the first five years leads to the role of 'successful battler' and publican Fawkner in the colonial invasion process from Kulin country to sheep-run to city. Sounding 1 then winds up with Melbourne's first executions and descriptions of Port Phillip as the money melting pot forming the Melbourne hub of world capitalism. Twentieth century academic studies now identify native religion, language zones, tribal locations and clan heads at the time of dispossession by pirate capitalism. In describing the Australian land-rush the chapter echoes oscillate between history, sociology, race theory, trade and class wars, whaling and sealing, imperialism and the monopoly East India Company army mates all pitted against the 'vanishing race' of hunter-gathering 'savages'. The dispossession was virtually complete in Victoria before the 1850's gold rushes transformed the sheep-runs into banker's dividend wealth for the 'winners'. Sounding 2: DISPOSSESSION AT MELBOURNE: Sounding 2 unfolds gently with a wistful early Melbourne memoir involving Batman's lost lawyer Gellibrand in 1836 but then we confront the frontier 'kill or be killed' point of necessity. The violent life, times and fate of mass murderer Fred Taylor who was first employed as overseer for banker Swanston's Bellarine peninsula land-grab sets the local dispossession tone. Taylor's repeated atrocities today exposes a credibility gap in Oz - between civilized progress and slaughter, that now looms over all else in Victoria's birth as an independent state in 1851. The winter of 1837 saw the first violent death of a white squatter and his servant by 'savage natives' north-west of Williamstown at Mt Cotterell. Town leaders such as Fawkner and 'police chief' Henry Batman formed a posse that also included clan heads from both the Melbourne and Geelong tribal areas. Buckley refused to take

Western District at Portland and then back north-east across the state to the standards expressed in Batman's treaty deed. This revenge slaughter and destruction of 'villages' by the white invaders forced the Sydney government to investigate and so began administering 'law and order' at Port Phillip. By 1838 Sydney trumped Batman's land-grab and the penal government of NSW on the one hand executing eight 'whites' for killing what the newspapers called 'savages', while on the other hand providing sufficient speedy cavalry to tackle black resistance in Victoria at places such as west of Colac and near Benalla after the Faithfull massacre. The arrival in 1839 of first governor La Trobe and the Aboriginal Protectorate plan then unfolds the development of town civic structures while tribal life disintegrates. Government and private measures to 'tame the naked Melbourne natives' culminated with the dawn Merri Creek round-up in October 1840 of hundreds of Kulin by Major Lettsom's redcoats and townsmen. This appears as the death blow to tribal life, and with the first shiploads of migrating British colonists arriving in 1841, near genocide for the Kulin, Mara, Kurnai and Murray River first-peoples.

Savor Me: a Novella - Aly Martinez - 2014-05-14

I lost my virginity at age thirteen. I know what you're thinking, and the answer is no. I wasn't raped or molested. Nothing horrible happened to me. I don't have a daddy complex, or a shit life that I need to be rescued from. I just happen to like boys a lot. I like them all. Tall, short, skinny, buff, light hair, or dark, I don't discriminate. I realized early on that one man wasn't enough for me. It's a simple mathematical fact. Why have one man when you can have two? Any more than two gets complicated. Hell, half the time even two gets complicated. But it's worth it. Sometimes every woman has to make an exception though, two crappy losers or one smoking hot man. The night I laid eyes on Hunter Coy, I made my choice. At least until he introduced me to Mason Wynn.

And the Mountains Echoed - Khaled Hosseini - 2013-10-10

So, then. You want a story and I will tell you one Afghanistan, 1952. Abdullah and his sister Pari live in the small village of Shadbagh. To Abdullah, Pari, as beautiful and sweet-natured as the fairy for which she was named, is everything. More like a parent than a brother, Abdullah will do anything for her, even trading his only pair of shoes for a feather for her treasured collection. Each night they sleep together in their cot, their skulls touching, their limbs tangled. One day the siblings journey across the desert to Kabul with their father. Pari and Abdullah have no sense of the fate that awaits them there, for the event which unfolds will tear their lives apart; sometimes a finger must be cut to save the hand. Crossing generations and continents, moving from Kabul, to Paris, to San Francisco, to the Greek island of Tinos, Khaled Hosseini writes about the bonds that define us and shape our lives, and how the choices we make resonate through history.

Published in association with the United States Holocaust Memorial Museum, a riveting story of Jewish families seeking to escape Nazi Germany. In 1938, on the eve of World War II, the American journalist Dorothy Thompson wrote that "a piece of paper with a stamp on it" was "the difference between life and death." The Unwanted is the intimate account of a small village on the edge of the Black Forest whose Jewish families desperately pursued American visas to flee the Nazis. Battling formidable bureaucratic obstacles, some make it to the United States while others are unable to obtain the necessary documents. Some are murdered in Auschwitz, their applications for American visas still "pending." Drawing on previously unpublished letters, diaries, interviews, and visa records, Michael Dobbs provides an illuminating account of America's response to the refugee crisis of the 1930s and 1940s. He describes the deportation of German Jews to France in October 1940, along with their continuing quest for American visas. And he re-creates the heated debates among U.S. officials over whether or not to admit refugees amid growing concerns about "fifth columnists," at a time when the American public was deeply isolationist, xenophobic, and antisemitic. A Holocaust story that is both German and American, The Unwanted vividly captures the experiences of a small community struggling to survive amid tumultuous world events.

His face wrapped in bandages and unable to speak, Nick claims amnesia—but he remembers everything. He remembers how he and Augustin were mysteriously drawn to the Maudit, a remote and scarcely documented peak in the Swiss Alps. He remembers how the slopes of Maudit were eerily quiet, and how, when they entered its valley, they got the ominous sense that they were not alone. He remembers: something was waiting for them But it isn't just the memory of the accident that haunts Nick. Something has awakened inside of him, something that endangers the lives of everyone around him It's one thing to lose your life. It's another to lose your soul. From the Embers - Aly Martinez - 2021-04-22

From USA Today Bestselling Author Aly Martinez comes a new heart-stopping standalone romance. In the aftermath of tragedy, it's strange the things you remember. The deafening boom as the house exploded. The paralyzing fear as I searched for my wife. The blinding smoke burning my eyes as I carried her out. But carved into my soul for the rest of my days would be the earth-shattering realization that the woman in my arms wasn't my wife. Bree and I were the only survivors—not that either of us were truly living after that night. As a single dad with nowhere else to go, I moved into her guest house. And somehow, through the guilt and grief, we forged an unlikely team. It took years, but I watched the gradual return of her smile—slow and life-altering. The two of us could sit outside for hours, talking about nothing, and it filled the massive hole in my chest with new life. I may have carried her out of that fire, but the truth was, Bree saved me. As we healed, the secrets and lies of the past smoldered in the ashes, threatening to ignite again. Our love was born from the embers, and together we would go up in flames.

The Taking of Hong Kong - Susanna Hoe - 2013-10-11

Relations between Britain and China have, for over 150 years, been inextricably bound up with the taking of Hong Kong Island on 26 January 1841. The man responsible, Britain's plenipotentiary Captain Charles Elliot, was recalled by his government in disgrace and has been vilified ever since by China. This book describes the taking of Hong Kong from Elliot's point of view for the first time - through the personal letters of himself and his wife Clara - and shows a man of intelligence, conscience and humanitarian instincts. The book gives new insights into Sino-British relations of the period. Because these are now being re-assessed both historically and for the future, revelations about Elliot's role, intentions and analysis are significant and could make an important difference to our understanding of the dynamics of these relations. On a different level, the book explores how Charles the private man, with his wife by his side, experienced events, rather than how Elliot the public figure reported them to the British

Ocean's Echo - Everina Maxwell - 2022-11-01

Ocean's Echo is a stand-alone space adventure about a bond that will change the fate of worlds, set in the same universe as Everina Maxwell's hit debut, Winter's Orbit. Rich socialite, inveterate flirt, and walking disaster Tennial Halkana can read minds. Tennial, like all neuromodified "readers," is a security threat on his own. But when controlled, readers are a rare asset. Not only can they read minds, but they can navigate chaotic space, the maelstroms surrounding the gateway to the wider universe. Conscripted into the military under dubious circumstances, Tennial is placed into the care of Lieutenant Surit Yeni, a duty-bound soldier, principled leader, and the son of a notorious traitor general. Whereas Tennial can read minds, Surit can influence them. Like all other neuromodified "architects," he can impose his will onto others, and he's under orders to control Tennial by merging their minds. Surit accepted a suspicious promotion-track request out of desperation, but he refuses to go through with his illegal orders to sync and control an unconsenting Tennial. So they lie: They fake a sync bond and plan Tennial's escape. Their best chance arrives with a

lab that Surit's traitor mother destroyed twenty years ago. And among the rubble is a treasure both terrible and unimaginably powerful, one that upends a decades-old power struggle, and begins a war. Tennial and Surit can no longer abandon their unit or their world. The only way to avoid life under full military control is to complete the very sync they've been faking. Can two unwilling weapons of war bring about peace? At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Ocean's Echo - Everina Maxwell - 2022-11-01

Ocean's Echo is a stand-alone space adventure about a bond that will change the fate of worlds, set in the same universe as Everina Maxwell's hit debut, Winter's Orbit. Rich socialite, inveterate flirt, and walking disaster Tennial Halkana can read minds. Tennial, like all neuromodified "readers," is a security threat on his own. But when controlled, readers are a rare asset. Not only can they read minds, but they can navigate chaotic space, the maelstroms surrounding the gateway to the wider universe. Conscripted into the military under dubious circumstances, Tennial is placed into the care of Lieutenant Surit Yeni, a duty-bound soldier, principled leader, and the son of a notorious traitor general. Whereas Tennial can read minds, Surit can influence them. Like all other neuromodified "architects," he can impose his will onto others, and he's under orders to control Tennial by merging their minds. Surit accepted a suspicious promotion-track request out of desperation, but he refuses to go through with his illegal orders to sync and control an unconsenting Tennial. So they lie: They fake a sync bond and plan Tennial's escape. Their best chance arrives with a salvage-retrieval mission into chaotic space—to the very neuromodification lab that Surit's traitor mother destroyed twenty years ago. And among the rubble is a treasure both terrible and unimaginably powerful, one that upends a decades-old power struggle, and begins a war. Tennial and Surit can no longer abandon their unit or their world. The only way to avoid life under full military control is to complete the very sync they've been faking. Bliss House: A Novel - Laura Benedict - 2014-06-15

Death never did come quietly for Bliss House . . . and now a mother and daughter have become entwined in the secrets hidden within its walls. Amidst the lush farmland and orchards in Old Gate, Virginia, stands the magnificent Bliss House. Built in 1878 as a country retreat, Bliss House is impressive, historic, and inexplicably mysterious. Decades of strange occurrences, disappearances and deaths have plagued the house, yet it remains vibrant. And very much alive. Rainey Bliss Adams desperately needed a new start when she and her daughter Ariel relocated from St. Louis to Old Gate and settled into the house where the Bliss family had lived for over a century. Rainey's husband had been killed in a freak explosion that left her 14 year-old daughter Ariel scarred and disfigured. At the grand housewarming party, Bliss House begins to reveal itself again. Ariel sees haunting visions: the ghost of her father, and the ghost of a woman being pushed to her death off of an upper floor balcony, beneath an exquisite dome of painted stars. And then there is a death the night of the party. Who is the murderer in the midst of this small town? And who killed the woman in Ariel's visions? But Bliss House is loath to reveal its secrets, as are the good folks of Old Gate.

Wreck My World - Victoria Ashley - 2019-06-12

"The feeling I have in this very moment, after not seeing her for so long, will haunt me forever, reminding me why I left to begin with." For as long as I can remember, Easton Crews has been off-limits. As much as it kills me, that's never going to change. After his little disappearing act three years ago, then suddenly showing up out of nowhere, I shouldn't want anything to do with him. It doesn't matter how beautiful he still is. Or how close we once were. It shouldn't matter that my entire body lights on fire with need whenever he gets close. He chose the worst possible time to leave without

home, I'm drawn to him, needing him near me just as badly as I need air to breathe, and I can't stand it. I want to hate him. I know I should hate him. But hating him is the last thing he'll let me do. I push, he pulls harder, until I'm completely wrapped up in him, my mind lost in the one person who is forbidden--the one person I've always loved, even when he belonged to someone else. Easton was never meant to be mine. It took me years to come to terms with that and now that I finally have, he's here, right in front of me, more irresistible than ever. The part I fear the most about that--he's the one person capable of completely wrecking my world. "I'm not leaving until you take all of your hate out on me. Let me feel it. All of it. Every dirty look. Every nasty word. I will have it all before I leave. Stop hiding from me."

He chose the worst possible time to leave without so much as a goodbye.
