

# Data Management Training

2018 – Wrap up

# What we heard

- Need a closer integration with the 319 program and GRTS
- Need a forum/location to share tools that are being developed by states and a forum to facilitate cooperation
- Need a focus in ATTAINS on Reports and getting some useful reporting functionality (including GIS)
- Need to work with the states and Regions over the next month to finalize what will become WQ-35
  - Need an answer on what is the baseline and how it works
  - Need an answer on what's the core story we want to tell

One More Thing

# Taking the Plunge Award

Baby Falls, Upper Tellico River, Tennessee

**Awarded to the State of Tennessee for 'Taking the Plunge' and being the FIRST to submit to the new ATTAINS**

# Finish Line Award

Sylvan Lake, Custer State Park, South Dakota

**Awarded to the State of South Dakota and EPA Region 8 for being the first state to successfully navigate the entire submission and approval process in ATTAINS**
