

Handouts and CLE Materials for TSCA Reform -- Eight Years Later

General Handouts

- [Speaker Biographies](#)
- Lynn L. Bergeson, Richard A. Denison, Penelope A. Fenner-Crisp, Eve C. Gartner, Bob Sussman, and Jean Warshaw, “[The New Toxic Substances Control Act Is Now Five Years Old: A Report Card](#),” *The Environmental Forum*, May/June 2021.
- [Forecast for U.S. Federal and International Chemical Regulatory Policy 2024](#)
- [TSCA Tutor](#)
- Bergeson & Campbell, P.C., Lynn L. Bergeson, editor, “*Guide to the Toxic Substances Control Act*,” LexisNexis (October 2024).

The *Guide to the Toxic Substances Control Act* is the definitive comprehensive treatise on TSCA, written for lawyers and regulatory affairs specialists who need to understand the details of the law and its implementation. The 2024 edition is the first under the editorial direction of the TSCA team at Bergeson & Campbell, P.C. and the book is chock-full of new text reflecting the many new developments in the past year.

Panel 1: Risk Management

- Richard E. Engler, Ph.D., and Todd J. Stedeford, Ph.D., DABT® , ERT, ATS, “[What are the key elements and likely impact of the EPA’s proposed rule for methylene chloride?](#),” *Chemical Watch*, June 21, 2023.
- Lynn L. Bergeson, “[Reporting PFAS: reporting burden is the least of businesses’ worries](#),” *Financier Worldwide*, December 2023.
- [Hierarchy of Controls White Paper](#)
- [AIHA Principles of Good Practice](#)
- [AIHA Academic Portal](#)

Panel 2: Risk Evaluation and the Supporting Role Sections 4 and 8 Play

- B&C Memoranda, [EPA Amends Procedural Framework Rule for Conducting TSCA Risk Evaluations](#), released May 14, 2024
- B&C Memoranda, [EPA Holds Webinar on PFAS Reporting Rule Requirements](#), released January 30, 2024

- Daniel Axelrad, “EPA must improve its TSCA systematic review method, scientific review says again,” <http://bit.ly/3GvxWR4> (July 28, 2022)
- “How to Better Protect People and Communities from Harmful Chemicals,” infographic <https://prhe.ucsf.edu/strengthening-chemical-regulatory-process>
- Rashmi Joglekar, Ph.D., “EPA’s recent TSCA rulemakings fail to protect workers and communities of color,” <https://prheucsf.blog/2023/10/17/epas-recent-tsca-rulemakings-fail-to-protect-workers-and-communities-of-color/> (October 17, 2023)
- Rashmi Joglekar, Ph.D., “EPA rulemaking continues to ignore real world chemical risks,” <https://prheucsf.blog/2024/01/08/epa-rulemaking-continues-to-ignore-real-world-chemical-risks/> (January 8, 2024)
- “Scientists recommend changes to chemical regulatory process,” <http://bit.ly/3IIJq99> (January 12, 2023)

Panel 3: New Chemical Review

- Lynn L. Bergeson, “[EPA Can Lead or Get Out of the Way](#),” *The Environmental Forum*, May/June 2023.
- Lynn L. Bergeson and Richard E. Engler, Ph.D., “[Optimizing TSCA’s Potential to Reduce Plastic Waste](#),” *ABA NR&E*, Spring 2024.
- EPA Presentations from the 2024 Global Chem Conference
 - An Overview of NCD’s Risk Assessment Process
 - How Best to Coordinate with EPA Throughout the Submission Process
 - Practical tips for moving your PMN to a satisfactory conclusion with EPA
 - Review Outcomes of New Chemical Substances under TSCA
 - Bona Fide Notices
- Transcript of All Things Chemical® Podcast Episode, “[PMN Review and Orders -- A Conversation with Richard E. Engler, Ph.D.](#),” released May 11, 2023.

Panel 4: Shaping the Agenda: Section 21 Citizens’ Petitions and Other Mechanisms Influencing Priority Setting

- *Food & Water Watch, Inc. v. United States EPA*, United States District Court for the Northern District of California
 - December 21, 2017
 - February 7, 2018

- TSCAblog®, [Appellate Court Affirms Decision That TSCA Section 21 Petition Seeking PFAS Testing Is Not Subject to Review](#), June 11, 2024
- TSCAblog®, [TSCA Section 21 Citizen Petition Seeks Prohibition of 6PPD in Tires](#), August 9, 2024
