Army Barracks Management Program Handbook - Department of Department of Defense - 2018-01-09
Army Barracks Management Program (ABMP) Handbook describes the management of Unaccompanied Housing to support the needs of unaccompanied soldiers based on lessons learned and provides a uniform standard based on the needs of the Army and its soldiers. The ABMP supports the forming of adaptive partnerships between garrison staff and military unit leaders and capitalizes on the increased presence of military leaders at installations by emphasizing the unit's responsibility for the day-to-day management of permanent party barracks to enable leaders to effectively monitor the morale, health, welfare and discipline of their soldiers. Why buy a book you can download for free? We print this book so you don't have to. First you gotta find a good clean (legible) copy and make sure it's the latest version (not always easy). Some documents found on the web are missing some pages or the image quality is so poor, they are difficult to read. We look over each document carefully and replace poor quality images by going back to the original source document. We proof each document to make sure it's all there - including all changes. If you find a good copy, you could print it using a network printer you share with 100 other people (typically its either out of paper or toner). If it's just a 10-page document, no problem, but if it's 250-pages, you will need to punch 3 holes in all those pages and put it in a 3-ring binder. Takes at least an hour. It's much more cost-effective to just order the latest version from Amazon.com This book includes original commentary which is copyright material. Note that government documents are in the public domain. We print these large documents as a service so you don't have to. The books are compact, tightly-bound, full-size (8 1/2 by 11 inches), with large text and glossy covers. 4th Watch Publishing Co. is a SDVOSB. Legal Guide for Commanders (FM 27-1) - Department of the Army - 2012-12-09
This manual, "Legal Guide for Commanders (FM 27-1)," is a guide to military law for company commanders, officers and noncommissioned officers. It will acquaint you with military law as reflected in military justice, administrative law, and personal rights, responsibilities, and restrictions. It outlines basic responsibilities and daily procedures for administering military justice and administrative law in the unit. It will assist you in safeguarding the personal and civil rights of the soldiers under your command. The "Powell Report" on the Uniform Code of Military Justice stresses military law's role of maintaining discipline in the Army: Discipline - state of mind which leads to a willingness to obey an order no matter how unpleasant the task to be performed - is not characteristic of a civilian community. Development of this state of mind among soldiers is a command responsibility and a necessity. In the development of discipline, correction of individuals is indispensable; in correction, fairness or justice is indispensable. Thus, it is a mistake to talk of balancing discipline and justice - the two are inseparable. Once a case is before a court-martial, it should be realized by all concerned that the sole concern is to accomplish justice under the law. This does not mean justice as determined by the commander referring a case or by anyone not duly constituted to fulfill a judicial role. It is not proper to say that a military court-martial has a dual function as an instrument of discipline and as an instrument of justice. It is an instrument of justice, and in fulfilling this function it will promote discipline (Powell Report: Report to Honorable Wilbur M. Brucker, Secretary of the Army, 1960).

S-1 Operations - Department of the Army - 2012-10
This Army tactics, techniques, and procedures (ATTP) manual provides doctrinal guidance and procedures that will enhance the delivery of human resources (HR) support in brigade and battalion S-1 sections. It will help HR leaders to guide actions and provide procedures to enable decision making. This publication is nested with Field Manual (FM) 1-0, Human Resources Support, and provides overarching doctrinal guidance and direction for conducting S-1 operations. ATTP 1-0.1 promotes a common understanding of HR support fundamentals at battalion, brigade, or brigade equivalent level S-1 sections throughout the Army Force Generation (ARFORGEN) cycle. This manual, along with FM 1-0, provides sufficient information to allow for execution of all required HR missions and functions dictated by current operational requirements and anticipated future actions. ATTP 1-0.1 provides the doctrinal base for developing operations plans (OPLANS) and associated standing operating procedures (SOPs). Leaders and HR operators at all levels must apply these fundamentals using the military decision-making process (MDMP): troop leading procedures; and mission, enemy, terrain and weather, troops and support available, time available, civil considerations (METT-TC). This publication is an authoritative guide that requires judgment in application. ATTP 1-0.1 was previously published as Field Manual Interim 1-0.1 to address the Army's HR transformation concept and the transition to Personnel Services Delivery Redesign (PSDR), which transferred and consolidated HR functions at brigade and battalion-level. This transition supported Army transformation from large, powerful fixed organizations, typically a division, to a brigade-centric design based on smaller, more self-contained organizations. Likewise, the S-1 structure was enhanced to support S-1 operations throughout all force pools of ARFORGEN, and S-1s now have the capabilities and resources to plan, coordinate, and execute all HR support core competencies and their subordinate key functions and tasks. HR transformation will impact S-1 sections as strategic objectives, structures, and processes change. These changes include—Reshaping HR processes and business practices; Using technology to apply a relevant, reliable, and achievable multi-component HR system; Realigning Army HR structures to meet needs and capabilities; Revising doctrine and training to integrate best practices and lessons learned; Delivering and executing HR service functions as close to Soldiers as possible; Continuing to build on the ability to provide support from home station. While the focus of this manual is on S-1 sections assigned to modified table of organization and equipment (MTOE) units, it also applies to tables of distribution and allowances (TDA) organizations and the support agencies (Installation Management Command [IMCOM]). IMCOM HR support to MTOE units in garrison is limited. Regardless of the type of organization or whether the unit is deployed or not deployed, providing effective and efficient HR support relies on trained HR professionals at all levels that can coordinate necessary HR support when needed.

Likewise, the S-1 structure was enhanced to support S-1 operations throughout all force pools of ARFORGEN, and S-1s now have the capabilities and resources to plan, coordinate, and execute all HR support core competencies and their subordinate key functions and tasks. HR transformation will impact S-1 sections as strategic objectives, structures, and processes change. These changes include—Reshaping HR processes and business practices; Using technology to apply a relevant, reliable, and achievable multi-component HR system; Realigning Army HR structures to meet needs and capabilities; Revising doctrine and training to integrate best practices and lessons learned; Delivering and executing HR service functions as close to Soldiers as possible; Continuing to build on the ability to provide support from home station. While the focus of this manual is on S-1 sections assigned to modified table of organization and equipment (MTOE) units, it also applies to tables of distribution and allowances (TDA) organizations and the support agencies (Installation Management Command [IMCOM]). IMCOM HR support to MTOE units in garrison is limited. Regardless of the type of organization or whether the unit is deployed or not deployed, providing effective and efficient HR support relies on trained HR professionals at all levels that can coordinate necessary HR support when needed.
